

Community Deer Forum

Central Victoria

Managing the impacts of deer across the landscape

You are invited to a forum about tackling the emerging impacts of deer around your home, farm or nature reserve.

You will hear about

- Deer species in your area
- Emerging impacts of deer in Central Victoria
- The law around deer
- Deer control plans and programs
- Deer control options for landowners
- Working together
- Meet people that can help
- Where to find out more

Hear from experts and other landowners and have those questions answered.

We hope to see you there!
